

Day or Night? Pollinator Activity

Page 1 — Who Visits When?

Look closely at each garden visitor. Decide if it visits mostly in the day or at night.

Daytime Visitors

Nighttime Visitors

1

Bumble the
Bumblebee

2

Ruby the
Hummingbird

3

Butterfly

4

Mina
Moonmoth

Helpful Clues

-  Sunny flowers and buzzing wings
-  Tiny tube flowers for hummingbirds
-  Pale moonlit blooms after sunset
-  Some visitors come when the garden is bright, and some come when the garden is quiet.

Bonus: Circle the visitor that loves pale night blooms.
